She Came and Went. BY JAMES RUSSELL LOWELL. As a twig trembles, which a bird Lights on to sing, then leaves unbent. So is my inemory thrilled and affrred; I only know she came and went.

As clasps some lake, by gusts unriven. The blue done's measuroless extent, So my sent held that moment's heaven; I only know she came and went.

As, at one bound, our swift spring beaps The orchards fall of bloom and scent. So clove her May my wintry sleeps; I only know she came and went.

An angel stood and met my gaze, Through the low doorway of my tent; The tent is struck, the vision stays; I only know she came and went.

Oh, when the room grows slowly dim, And life's last oil is nearly spent, One gush of light these eyes will brim, Only to know she came and went.

The Rible. BY BERNARD BAURON. A fountain ever springing. Where the wearled may repair The heavy burden bringing.

Of sin and of despair. A hive of honeyed treasure. Distilled from Eden's bowers. Where heaven born hope with pleasure, May feed in wintry hours.

Drink for the soul that's thirsting Belm for the heart when bursting, May all be gathered here.

Extract of a letter from Mr. Joseph C. Paulding,

Mineral paint, Soda ash, Dr. G. W. Halsey-Dear Sir, your Forest wine and Pills have cured my wife of a dreadful nervous disorder, with which she had been afflicted for Cudbear. many years. Her body was almost wasted away.
She was frequently disturbed in her sleep by frightful dreams, awakening quite exhausted and covered with perspiration, and at times laboring under the delusion that something dreadful was about to happen to her. By the use of four bottles of the wine, and a box of the pills, she is now in perfect health. She has regained her flesh and color, and culows society as well ascer.

enjoys society as well as ever.

J. C. PAULDING. General Debility, Emaciation, Wasting

Ague and Fever, or Chills Are caused by the minamic effluvia arising from marshes, decayed vegetations, and low, damp situntions. In Fever and Ague, the Forest Wine and Pills are a sovereign remedy. When they have been taken agreeably to the directions, we have never known them to fail in affecting a com-plete cure. In the first place, take a large dose of the Forest pills in time, that their operations may subside before the return chill. The stom-ach being now well cleansed, take three or four ach being now well cleansed, take three or four large doses of the Wine, at intervals of half an hour, commencing about two liours before the period for the chill to return. This breaks the ague, after which the wine should be continued in small doses, to restore strength. See full directions around the bottle.

DR. HALSEY'S

Gum-Coated Forest Pills Are an important adjunct to the Forest Wine.— They are coated with pure gum arabic, an inven-tion for which Doctor Halsey has received the only palent ever granted on Pills, by the government of the United States. The Forest Wine and gum coated Forest Pills,

unite in accomplishing the same great end, the purification of the blood, and restoration of the stomach and howels.

The Forest Wine and Pills are recommended as an efficient and certain cure in the following com-plaints: Dypepsia, habitual costiveness, dropsy, complaints of the kidneys, inceptent consumption, decline of general health, and female weakness, for which it is a sovereign remedy; languidness, night sweats, nervous disorders, loss of appetite, low spirits, and want of nervous energy, ague and fever, which it never fails to cure; scrofula, erysipelas, jaundice, unhealthy color of the skir weakly and impoired state of the constitution.

TO THE LADIES.

Nothing in the world is more absurd than the custom of using paints, chalks, &c. to improve the countenance. True beauty and loveliness necompany the highest perfection of health, which again invariably follows the purest state of the blood. What artificial appendages equal that visid expression of countenance which emanates from blooming health? What paints con pare with the crimson colored blood casting its brilliant roseate hus through the transparent texture of the skin? What elearns are more captivating than those of the skin? hue through the transpirent texture of the skin? What chains are more captivating than those of nature, in her highest perfection of health? Let Dr. Halsey's Forest Wine, supply the place of all cosmetics. The use of this excellent wine for a short time, creates pure, rich blood, which coursing through the veins, penetrates the minutes. sing through the veins, penetrates the minutest fibers that verge toward the surface of the skin, causing all unhealthy pimples and blotches to dis-appear, imparting a vivid, rosy color to the skis, and brilliant expression to the eyes. THIS IS NATURAL BEAUTY!

In corroboration of these facts, Dr. Halsey has many testimonials from /adies of the most respectable standing in society.

WHATEVER concerns the health and happivaluable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assurate you that Worms, according to the opinions of the most celebrated physicians, are the primary cause of a large majority of diseases to which children and adults are limble; if you have an appetite continually changeable from one kind of food to another, had breath, pain in the stomach, picking at the nose, hardness and fulness of the belly, dry cough, slow fever, pulse irregular—remember that all these denote Worms, and you should at once apply the remedy:—

Hobensack's Worm Syrup: An article founded upon scientific principles compounded with purely vegetable substances seing perfectly safe when taken, and can be given being perfectly safe when taken, and can be given to the most tender infant with decided beneficial effect, where bowel complaint and Diarrhea have made them weak and debilitated, the Tonic properties of my Worm syrup are such, that it stands without an equal in the catalogue of medicines, in giving tone and strength to the stomach, which makes it an infallible remedy for those afflicted with Dyspepsin; the astonishing cures performed by this syrup after physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!! This is the most difficultiworm to destroy of all that infest the human system; it grows to an almost indefinite length, becoming so coiled and fastened in the Intestines and stomach, affecting the health so sadly as to cause St. Vitus Dance, Fits &c.—

hat those afflicted seldom if ever suspect that it is Tape Worm hastening them to an early grave. In order to destroy this worm, a very energetic treatment must be pursued, it would therefore be proper to take 6 to 8 of my Liver Pills, so as to remove all obstructions, that the Worm syrup may set direct upon the worm, which must be taken in doses of 2 table-spoonfulls 3 times a day. These directions followed, have never been known to fail in curing the most obstinate case of Tana Worm. curing the most obstinate case of Tape Worm.
HOBENSACK'S LIVER PILLS! No part of the system is more liable to disease than the Liver, it serving as a filterer to purify the blood or giving the proper secretion to the bile; so that any wrong action of the Liver affects the other important parts of the system and results variously in Liver complaint, Jaundice, Dyspepsia &c. We should therefore watch every symptom that might indicate a wrong action of the Liver. These pills being composed of roots and plants furnished by nature to heal the sick, namely. 1st, An Expectorant which numbers the secretion An Expectorant which sugments the secretion from the pulmonary mucus membrane or promotes the discharge of secreted matter. 2d. An Afterative which changes in some inexplicable manner the certain morbid action of the system. 3d. A Tonic which gives tone and strength to the nervous system, renew in health and vigor to all parts of the body. 4th. A Cathariic which acts is perfect

In obstructions either total or partial they have been found of inestimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dinness of sight, pain in the side, back, &c.
